The View from the President’s Corner

Summer has come in like a very hot lion. Now is the time to sit in an air-conditioned room and work on all of the images you took during the cooler months.

Our trial session for the Rules Changes seems to be going smoothly and we’ll need to have a vote the end of July. We’ll send the ballots out by email (snail mail for any one without email) so that everyone gets a voice. I’ll have more on this very soon.

By the time you read this you will, hopefully, have seen Gus Feissel’s Master Presentation. These programs are always wonderful. Janet has more great programs coming up so do keep your ear out for what’s happening and check the web site.

If you are competing with the hope of advancing, please check your number of submissions to make sure you have the correct number in. We will do an adjustment due to the permitted number of submissions changing from three per competition to two per competition. If you have any questions, please email Janet Gelfman. She heads the advancement committee and has the numbers.

We have several events happening over the next few months, so heads up. The weekend of July 14th is the High Sierra wildflower field trip. Be sure to contact Gary Saxe (via the roster) if you are interested.

Also, that same weekend is the Montgomery Village Show that we are doing with the Water Color Artists of Sonoma County (WASCO). Please email me if you are interested in participating in that.

We also need to start thinking about our 3rd Annual Huge Sale at the Luther Burbank Art & Garden Center the first Saturday of October. We’ll need lots of volunteers that week to collect and price items, to place the items on tables Friday, and to help with the sale on Saturday and with the clean up. Please be collecting any items you would like to donate to this sale. We netted just over $4000 last year and about $3800 the year before, so this is an important fund-raiser for the Center – our Home.

Good shooting!

July Program Notes

Our July program will focus on PSA - the Photographic Society of America. The program will be presented by SRPS member, Elvira Lavell, our PSA club representative and a PSA member since 1986. She will begin with a TOPS Slide show. These donated slides are from Top photographers in PSA, who are invited to submit their best work for this popular program. We will view images from the General Color Slide, Nature, Photo Travel and Photojournalism Divisions.

We will also view the 2005 International Club Slide Competition (ICSC) Travel show. SRPS has images from two gold medal exhibitors in this slide program.

A short program, “This is PSA”, will explain some of the benefits of PSA membership and Elvira will answer any questions regarding membership.

The 2006 PSA annual conference will be held in Baltimore, Maryland, September 3-9, 2006. Check out the extensive program schedule and other information in the June PSA Journal, which is located in the SRPS Library. Additional information is available on the web at: www.psa-conference.org

High Sierra Wildflowers

We will photograph in the Blue Lakes area. The location is twelve miles off highway 88 East of Carson Pass. Many varieties of wildflowers can be found from the 7000 foot level to the alpine region of the central Sierra. This year, we should see beautiful lakes with large groups of wildflowers and snowcapped peaks as a backdrop. There are many small ponds in the area with water lilies and some have several varieties of ducks. For those who have four wheel drive, there is an easy drive to the Sierra crest where alpine flowers grow and excellent vistas abound.

Directions: Take Blue Lakes Road 6.6 miles east of Carson Pass or 2.5 miles west of Hwy. 89 and Hwy. 88 junction for 12 miles. Go past Lower Blue Lake and Upper Blue Lake to Upper Blue Lake Campground.

Gary and Marni Saxe will be camping at the Upper Blue Lake campground beginning Thursday, July 13th. There are no reservations taken for this campground. Therefore, it is advisable to come up Thursday or Friday, if possible. Because of the late snow pack, it is unknown at this time where the best photo opportunities will be. Our group will gather at 9:00 a.m. on Saturday at the Saxe campsite for advice on possible photo opportunities.

A potluck will be held at the Saxe campsite on Saturday evening. Note: Bring everything that you will need. The nearest store and gas is over 15 miles away. Fill your gas tank at Meyers if you take Hwy 50 to 89, the fastest way there, or Jackson if you take Hwy 88.

For the non-campers, a good place to stay is Kirkwood Mountain Resort - www.kirkwood.com. The online rates chart is for 2005 midweek, but it has been reported that the 2006 rates - seven days a week - are the same. The rates range from $89 and up depending on the number of people and size of the accommodation. Kirkwood has dining facilities. Gus and Sharon Feissel stayed there a few years ago and found it quite nice. The chair lift takes you up the mountain where there also should be wild flowers. The other lodging near where we are going is Sorensen's - www.sorensensresort.com but it is more expensive. Lodging is also available at South Lake Tahoe.

Caution: Mosquitoes are here in force, so bring lots of repellant. Campers should take precautions for bears. We did not have bears in camp last year the two times we were there, but in years past there have been problems in the area.
